

Department of Botany and Plant Pathology
Fall 2009 Seminar Series

Thursdays 4:00 pm

ALS 4001

Coordinator: Jeff Chang 737-5278

- Oct. 1** **Meet the Grads**
- Oct. 8** **The 100th Anniversary of the BPP at OSU: an all day symposium, including honoring Dr. James Carrington's induction in to the NAS & The Dr. Bonnie C. Templeton Lectureship**
- Oct. 15** **Dr. Anne Halgren**, Post-doctoral Research Molecular Biologist
USDA/ARS Forage Seed and Cereal Research Unit
AND
Dr. Kerry McPhail, Assistant Professor of Medicinal Chemistry
Dept of Pharmaceutical Sciences, OSU
Germination Arrest Factor (GAF): molecular genetic and chemical characterization of an herbicidal and antimicrobial agent from selected rhizosphere bacteria
- Oct. 22** **Dr. Fritzi Grevstad**, Biocontrol Specialists
Olympic Natural Resources Center, University of Washington
Adventures with Weed Biocontrol in the Pacific Northwest
- Oct. 29** **Dr. Allen Milligan**, Research Assistant Professor
BPP, OSU
Optimization of phytoplankton physiology to environmental change
- Nov. 5** **Joachim Kadereit**, Professor
Johannes Gutenberg-Universität Mainz, Germany
Quaternary climatic oscillations and plant evolution
Hosted by Aaron Liston
- Nov. 12** **Sarah Shay**, BPP Graduate Student of Dr. Jennifer Parke, OSU
PhD Proposal Seminar: *Temperature, leaf wetness duration and inoculum dose required for foliar infection of rhododendron by Phytophthora citricola*
- Nov. 19** **Dr. Hiro Nonogaki**, Associate Professor
Department of Horticulture, OSU
Multiple layers of repression during seed germination and post-germination
- Dec. 3** **Ian Pfungsten**, BPP Graduate Student of Dr. Tom Kaye, OSU
PhD Proposal Seminar: *A Comparison of Plant Colonization in Heterogeneous Habitats using a Spatially-Explicit Probabilistic Model*
AND
Andrew (Drew) Hubbard, BPP Graduate Student of Dr. Ken Johnson, OSU
PhD Proposal Seminar: *Integrated Fire Blight Control: A New Hope*
- Dec. 10** *Finals Week*
