Selected candidates will be invited to interview March 4, 5 or 6th in the afternoon.
The College of Science would greatly appreciate your assistance in identifying students who would excel in the capacity of Public Relations Ambassador.

The College of Science is seeking students with strong interpersonal skills, initiative and leadership who could represent the college to prospective students and their families, alumni, and the community.

The PR Ambassadors’ main responsibilities are to provide general information about the different departments in the college as well as answer questions about student life on campus; lend their assistance at on and off-campus recruiting events; assist in COS outreach activities; and represent the COS student body when meeting with alumni and the Board of Visitors.

This reference is prepared with the understanding that the form is a confidential education record to be used by the College of Science and cooperating organizations.
