

Oregon State University and Linn-Benton Community College Transfer Guide  
(last updated 2/25/08)

General Science Major with a pre-professional option in Health Sciences

The General Science major at OSU requires an option. The options available for a B.S. in General Science are: Pre-dentistry(PD), Pre-optometry(OPT), Pre-pharmacy(PHAR), Pre-physical therapy(PT), Pre-physician assistant(PA), Pre-podiatry(POD), and Pre-veterinary medicine(PVM). Pre-medical students are encouraged to choose an academic major such as Biochemistry/Biophysics, Biology, Chemistry, or Microbiology.

This guide is subject to change without notice. Students should consult an OSU academic advisor at their earliest opportunity in order to facilitate the transfer process. In general, lower division chemistry, math, and biology should be completed in the first two years in order not to delay graduation.
