

Oregon State University and Linn-Benton Community College Transfer Guide
(last updated 2/25/08)

General Science Major with a **pre-education** option

The General Science major at OSU requires an option. The pre-education option prepares students to enter a teacher licensure program in elementary or middle school teaching.

This guide is subject to change without notice. Students should consult an OSU academic advisor at their earliest opportunity in order to facilitate the transfer process. In general, lower division chemistry, math, and biology should be completed in the first two years in order not to delay graduation.
