

**COLLEGE OF SCIENCE
OREGON STATE UNIVERSITY
2009-10 SCHOLARSHIP APPLICATION**

Application must be turned in to your advisor by
March 6, 2009

STUDENTS: This application requires a reference from your advisor. Please check with your advisor to see if an appointment is necessary before dropping off this application.

ADVISORS: Submit your reference form along with this application to the Dean's Office, Kidder 128, by **March 13**.

CRITERIA/GENERAL GUIDELINES

- Most scholarships require a cumulative OSU GPA and last-two-term GPA of 3.5 or better at the end of Winter term. (See list of available scholarships and guidelines at: <http://www.science.oregonstate.edu/node/108>)
- Completion of a minimum of 28 hours of course work at OSU by the end of Winter term when application is made (Dual enrollment does not count towards these 28 credits).
- Have a declared major in the College of Science. Post-baccalaureate students and students who will be in the Pharm.D. program are not eligible.
- Be enrolled full-time (min. 12 credits) in the College of Science at OSU during the entire 2009-10 academic year. Dual-enrolled students with an OSU degree partner must be registered for six (6) credits each term at OSU. The scholarship is divided into three terms and will not be awarded for terms below full-time credit or if you are not enrolled at OSU.
- Scholarships start at about \$500; most are about \$1000.
- You will receive notification about this application via your ONID email account on or about May 1.

NAME _____ OSU ID NUMBER _____
 Last First M.I.

MAJOR _____ OPTION _____

CAREER GOALS _____

LOCAL ADDRESS _____

Transfer credits _____ + OSU credits through Winter term 2009 _____ = _____ Total credits

Check all that apply to you:

Pre-Medicine Pre-Dental Have applied to Medical School Marine Biology

Applying for the Heitmeyer Scholarship (see section IV for details)

General Directions:

Please complete your application using a word processor - do not hand write. The College of Science scholarships are awarded based on grades, contributions to OSU and the community, and statement of purpose. Incomplete applications will not be considered. If you have extenuating circumstances as to why you have not been more involved in campus and community activities, please mention them here (50 words or less).

PART I. UNIVERSITY AND COMMUNITY ACTIVITIES/SERVICE AND WORK EXPERIENCE

Directions:

1. List all activities from the last two years of your college experience in chronological order beginning with your most recent involvement. Freshmen may include the senior year of high school.
2. All activities should be dated. Activities in which you are currently involved (as in weekly or monthly) can be listed as “current” for the ending date.
3. Activities completed on summer or winter breaks, as well as annual or infrequent events should be given specific dates.

A. High School Activities (only for OSU freshmen) High School graduation date _____

Organization Name/ Position	Dates From / To	Hours per week/ Total hours		Leadership/Responsibilities/ Accomplishments	Paid or Volunteer (p) (v)	

B. OSU Activities

Organization Name/ Position	Dates From / To	Hours per week/ Total hours		Leadership/Responsibilities/ Accomplishments	Paid or Volunteer (p) (v)	

Please limit your responses for Parts III and IV each to 500 words or less. Use only size 10-12 font.

PART III – STUDENT’S STATEMENT

We are interested in learning more about you and seeing how well you can express yourself. Indicate your goals, including what kind of career you desire and why you would be well-suited for it. This is also the space to include any other information about yourself that you think might be of interest to the committee allocating the scholarship funds.

PART IV – OPTIONAL – requirement for students who want to be considered for the Powis L. & Winifred C. Heitmeyer Scholarship. Give examples and discuss how you have an outstanding “love of learning”. The examples can extend beyond science. Try to provide documentation of your examples if possible. Limit to 500 words or less.

**Release of Information
Consent Form**

The College of Science strives to provide scholarship donors with a great giving experience. Most philanthropists enjoy knowing the benefits of their investment. In the case of scholarships, this often includes exchanging information with the student(s) they support.

By signing below, I give the College of Science permission to release this scholarship application to outside sources wishing to fund OSU students. I agree to share my contact information, personal statement, work experience and community activities, and honors and awards with donors and prospective donors. Additionally, I understand that I may be expected to provide a thank-you note if given an award. While I may be asked to provide a photo, or to meet with a donor, I am not obligated to do so.

Applicant's Signature _____

Applicant's Printed Name _____ Date _____

In addition, The College of Science, Oregon State University and the Oregon State University Foundation often promote giving opportunities and success stories through various media outlets such as University websites, local newspapers, email and other publications.

By signing below, I give The College of Science permission to share my picture, contact information, personal statement, work experience and community activities, and honors and awards with various media outlets.
