Join us for a presentation and panel discussion by COS Young Alumni Awardee, Dr. Justin Hall (Principal Scientist at Pfizer Pharmaceuticals).

Dr. Hall will present on *Observations and Advice for Pursuing a Career in Science*. He will summarize experiences, both his own and gathered from colleagues, that seem common to careers in science, and offering advice intended to be relevant to all scientists.

The presentation will be followed by a panel discussion with scientists who studied at OSU and are now:

- a Portfolio Operations Analyst & Project Manager at Pfizer
- a research professor at OSU
- an R&D Engineer at HP

Get your questions answered on how to get where our alums are going.

**FRIDAY, NOVEMBER 16**

1:00 – 2:30 P.M.

Linus Pauling Science Center Room (LPSC), Room 402
