Pre-Health Professions Student Clubs and Organizations:

- **OSU Pre-Medical Society** – Their mission is to promote and foster the pursuit of medical professions among students at OSU. You can email them at premedclub@oregonstate.edu.

- **Pre-SOMA (Student Osteopathic Medicine Association) Club** – For more information, email preosteo@oregonstate.edu. Here is a link to register for Pre-SOMA’s National Chapter in order to gain full admittance into the club and be nationally recognized. [http://www.studentdo.com/join](http://www.studentdo.com/join)
  
If you have not done so please fill out the OSU SLI Membership online. This takes roughly 5 minutes and will ensure that if you put down Pre-SOMA on any type of application or reference that you will have a way to back up your membership (I have been told medical schools do this while looking at your resumes, personal statements, information, etc.). Please fill this out! Here is the link: [https://apps.ideal-logic.com/osusli?key=F3T9-25VWY_5878-CZ4R_f274e72d](https://apps.ideal-logic.com/osusli?key=F3T9-25VWY_5878-CZ4R_f274e72d)

- **SYNAPSE** – Synapse is a nationally recognized, student-run organization whose goal is to create a supportive environment for individuals with brain injury. Student volunteers get hands on experience with helping individuals with brain injury to overcome challenges through exercise, crafts, music, outdoor and indoor activities, and more! *Feel free to ask questions by emailing us at synapse.oregonstate@gmail.com.*

- The **OSU Bioethics Society (OSUBS)** is a student-led, student-initiated organization that provides both context and space to explore the growing ethical issues brought forth by discoveries in science, technology and medicine. Through open discussion, investigation, research, and analysis of biology, biotechnology, genetics, medicine, philosophy, politics, law, and other relevant topics, OSUBS offers a platform for the exchange of ideas that affect ethical decision making on our campus and in our world. For more information, email [oregonstateuniversitybioethics@gmail.com](mailto:oregonstateuniversitybioethics@gmail.com)

- **M.A.P.S. (Minority Association for Premedical Students)** – is a nationwide organization aimed to develop students that wish to pursue medicine. Open to any student who supports minority efforts. mail [oregonstatemaps@gmail.com](mailto:oregonstatemaps@gmail.com)

- **Investigative Diagnosis Society** – This is a student-run club that presents mock medical cases, where members ask questions to determine the diagnosis. These presentations involve an interactive case that you will be given the tools to learn how to diagnose. This will be practice for when students begin the process of understanding how to apply their given trade to actual patients. If students are interested, you can sign up by sending an email to [investigativediagnosissociety@gmail.com](mailto:investigativediagnosissociety@gmail.com).

- **OSU Healthy Aging Club** – This unique club offers students a chance to learn about careers in aging, interact with elders in our community, and gain experience for graduate school or work beyond college.

- **Children's Adaptive Resources for Social Mobility (CARS) Club** is an organization that modifies ride-along toy cars for children with developmental disabilities. We also participate in play-groups for these children. Contact us: email at [carsatoregonstateuniversity@gmail.com](mailto:carsatoregonstateuniversity@gmail.com)
• **OSU Blood Drive Association** is a student-run club that meets weekly to plan and promote the OSU blood drives each term. Members of the BDA are able to participate as lead volunteers at the largest drive in the Pacific Northwest that we hold on campus. Anyone interested in joining the club can contact [osu.bda@gmail.com](mailto:osu.bda@gmail.com) for more information.
